MILK PLANT EMPLOYEES TO HELP NEEDY

AGREE TO FURNISH \$600
WORTH OF MILK FOR
FOUR MONTHS' TIME

TO GIVE QUART A DAY

Unemployment Relief Com-
mittee Will Hold Final Organi-
zation Meeting Tonight

About thirty employees of the Kan-
kakee Pure Milk Company met last
evening and voted to voluntarily
supply about \$600 worth of milk over
a period of four months this winter
to members of families whose heads
are unemployed.

The drivers of the milk wagons are
acquainted with some of these fam-
ilies and will deliver the milk them-
selves, furnishing a quart a day to
each family.

The action of the milk company
employees will be of considerable as-
sistance to the committee of repre-
sentative agencies and organizations
of the city which will endeavor to
relieve distress among the unem-
ployed in Kankakee and vicinity
during the winter months.

The committee will meet at 7
o'clock tonight in the Chamber of
Commerce headquarters. At this
meeting all sub-committees will re-
port on their efforts to date and it
is expected that the work will
get under way in earnest tonight.
Officers were named at the last
meeting and all details of the plan
for relief and methods of securing
funds will probably be adopted to-
night. Every member of the com-
mittee is urged to attend the meet-
ing.

It is hoped that about \$1,000 will
be realized over and above all ex-
penses at the benefit football game
to be staged Friday evening, Nov. 7,
at the St. Viator college field. Vi-
ator will play Charleston Normal on
that date and the Rev. J. W. R. Mc-
Guire, president of the college, of-
fered to donate the net proceeds of
the game to the organization to aid
needy families of the community.
Members of the American Legion
will probably be enlisted to aid in
the general ticket sale for the ben-
efit game.

Vegetables And Bread.
Kondas Brothers fruit and meat
store, 317 West Court Street, an-
nounced today that they will donate
a barrel of potatoes, 50 pounds
of cabbage and six loaves of bread
each week to families whose wage-
earners are out of employment.

Mr. Kondas stated that about 25
people visit his place each day be-
cause of the food. He suggests that
other businesses of Kankakee fol-
low his example and in this way
help the needy who are suffering
because of the winter.

ALUMNI MAKES PLANS: DANCE AND BIG GAME

A small group of the Alumni
Association met last evening at Mc-
Brien's cafe for the purpose of
holding a business meeting and
electing officers.

The new officers are: Sam
Shapiro, president; Harold Simmons,
vice president; and Harvey Meister,
secretary and treasurer.

Plans were made for the annual
Alumni football game and dance on
Thanksgiving. There will be an-
other of the Alumni Association
measures before Thanksgiving. The
date will be announced later.

I understand that this fa-

Fyfe, accused by a coroner's jury of
the murder of Howard Seymour of

Seymour was shot to death as he
opened the door of his hotel room
in New Salem.

The sheriff said Fyfe carried the
revolver used in the killing and
admitted shooting Seymour. After
hiding in the woods all day yester-
day Fyfe decided to go to his

BELIEVE 30 DEAD IN A MINE BLAST

ONE KILLED INSTANTLY AND
29 TRAPPED IN WHEAT-
LEY MINE IN OKLA.

RESCUE WORK SLOW

Officials Virtually Abandon Hope
That Any Of Trapped
Men Are Still Alive

McAlester, Okla., Oct. 28.—(P)—
Gas today drove rescue workers from
the lower levels of the Wheatley
No. 4 coal mine, tomb of 29 miners
since an explosion last night, and
officials virtually abandoned hope
that any of the trapped men would
be found alive.

One man, William Donnelly, was
killed at the head of the mine by the
blast. Bodies of four trapped miners
were sighted on the 16th level.

Several rescue workers were over-
come by coal damp, and one John
Moore, was carried from the mine.

The damp sent rescuers number-
ing about fifty back to the tenth
level of the mine where ventilation
was good. Efforts were being made
to obtain brattice cloth to curtain
off mine entries and aid ventilation
lower down.

Workers estimated it would require
six men from five to six hours to
carry one body from the lower lev-
els, because of the mass of debris
to be traversed. It was impossible
to send a car into the affected re-
gions.

Miller D. Hiv, chief mine inspec-
tor, who entered the workings on his
arrival here early today from Ada,
Okla., was authorized for the state-
ment there was little hope for the
men trapped in the 16th, 17th and
18th levels.

A few more hopeful watchers at
the mine said there was a bare
possibility of some of the trapped
men surviving if they kept their
men doors closed. The force of a
mine explosion is upwards, they
said, and indications were that the
blast occurred between the 17th and
18th levels.

No one would conjecture as to the
cause of the explosion, which crushed
Donnelly against wooded struts at
the mine head ripped sheet rock
housings off the top of the shaft
and shot flames 200 feet into the
air, casting a reflection on the gray
walls of the state penitentiary half
a mile away.

Although the mine is on prison
property it is owned privately and
operated by Civilian Relief. It is said
to be one of the most modern in the
state, with every available safety
device.

McAlester, Oklahoma, Oct. 28.—(P)—
The explosion at the Wheatley
Number 4 coal mine, which is be-
lieved to have cost 30 lives, recalled
that a toll of 463 lives had been
taken previously in similar Okla-
homa tragedies in the last 38 years.

The Krebs explosion January 7,
1892, claimed exactly 100 lives while
91 miners perished in a blast at
Wilburton January 13, 1926. Only
last December 17, sixty one miners
were killed at the Old Town Coal
company here.

The Wheatley disaster is the 18th
on the list of mine tragedies in ex-
isting state records.

RESUME WORK AT THEATRE SITE

Work on the new Strand theatre
North Schuyler avenue and Oak
Street, was resumed today after a
lapse of several weeks. A large
force of men and a concrete mixer
were on the job early this morning.

Local heads of the Schuyler
Building corporation, which is
constructing the theatre, declined
to comment upon the fact that
work had been resumed other than
to reiterate their previous state-
ments that the theatre will be com-
pleted as early as possible.

It is understood that the sewers
and composition roof for the build-
ing, costing about \$10,000, will be
completed within the next few
days.

New World's Egg Laying Record Here

A pen of five white Leghorn hens
owned by E. H. Rucker, former
University of Missouri professor, now
living at Ottumwa, Ia., have set a
new world's egg laying record. The
announcement was made by Paul
E. Ritchey in charge of the Illinois
department of agriculture poultry
experiment station where the con-
test is being held.

The hens have laid a total of
1,599 eggs in 361 days, an average
of 318 eggs per hen. The previous
record, set last year in an egg lay-
ing contest at Storrs, Conn., was 392
eggs per hen.

There are forty-five pens in this
year's contest.

GRANT PARK MAN ACCUSED BY GIRL, 14

LUTHER KEEN SECTION HAND,
HELD IN COUNTY JAIL
FOR HEARING

ATTACKED IN CAR

Charge Against Keen Will De-
pend On Physician's Exam-
ination Of Girl

Luther Keen employed as a sec-
tion hand on the C. & E. I. rail-
road at Grant Park is held in the
county jail on a statutory charge.
The complainant is Ann Ruark, age
14, residing on a farm near Grant
Park.

Keen, when arrested last night by
Chief of Police George Keshner of
Mokenca gave his age as 19, al-
though he is alleged to have told
others that he is 22 years old.

According to the girl's father,
Keen called for Miss Ruark on the
evening of Saturday, Oct. 4. They
went for a ride in the country and,
according to the girl, Keen took her
attacked her. She does not recall
the attack until recently when she
became afflicted with a disease.

Keen told State's Attorney T. R.
Johnson that the girl had told him
that she was over 16 years of age.
He has intimated that he will pro-
duce several other men who admit
that they were "out" with the girl.

Keen is now being held a charge
of rape. He will be given a hearing
after the girl is examined by a phy-
sician.

COUNTY DELEGATES TO STATE MEETING

The eleventh annual state con-
ference for young people, under the
auspices of the Illinois Council of
Religious Education, will be held at
Springfield, Oct. 31st, Nov. 1st and
2nd.

Leaders of national repute will
conduct and it is estimated that
between six hundred and a thousand
youths from northern and central
Illinois will be in attendance.

Twenty-five delegates from Kan-
kakee county are provided for and
it is hoped by county workers that
this quota may be filled. Every
church school should have at least
one delegate.

Those who attended from this
city last year reported wonderful
enthusiasm, solemn worship, and
eager discussion of the problems of
practical Christian living for mod-
ern youth.

Delegates must be over fifteen.
Lodging will be free, registration
two dollars, which includes banquet
fee and all privileges of the con-
ference. Any one furnishing a car
will have their expenses paid. Those
interested should call Miss Winifred
Wildman, Co. Supt. of Young Peo-
ple's Work, as registrations must
be sent in at once.

Careful Buyers Will Look Over The Used Car Market

The careful buyer, when
he considers buying an auto-
mobile, will do well to
carefully examine the used
car offerings of Kankakee
dealers before purchasing a
car of any kind.

He will then realize that
every car on the street is a
used car—it becomes one
the moment it is delivered
to the motorist from the
factory or sales agency.

Many used cars, in fact the
majority of them, cannot be
told from new ones, yet the
buyer enjoys a genuine sav-
ing.

Kankakee dealers, when
offering used cars to the
public, carefully check them

17 CONTESTANTS SIGNED UP FOR PITCH TOURNAY

Seventeen contestants have al-
ready signed up and paid their en-
try fees for the pitch tournament
to be held soon by Emil Goudreau,
fire chief, at number one fire sta-
tion. As many more have signified
their intentions of entering and are
expected to pay their ten cents
entry fees soon. These fees will
be used in buying suitable prizes for
the winners.

The contest will start in a few
days, just as soon as Bill Spillane,
one of the sponsors, and Chief
Goudreau can "dope out" a playing
schedule. Partners and places in
the schedule will probably be de-
termined by number.

Two regular players of the pitch
game at number one station, whose
names were unintentionally left out
the other day when a list of players
was published, are: Charles Buech-
ler, better known as "Charlie, the
Ice Cream Man," and "Titter" Be-
tourne, extra fireman.

Mr. and Mrs. J. F. Burke, who

Kankakee county that is probably
the equal of any man in this gener-

and an active citizen in many com-
mendable and important community
enterprises, he has come to the at-
tention of the public in such a man-
ner as to win the admiration and
confidence of people in all walks of
life.

Besides Judge Ruel, the other can-
didates on the Republican ticket are:
Frank Salzgiver, nominee for coun-
ty superintendent of schools; W. J.
Richert, nominee for county clerk;
Ed Hoennke, nominee for treasur-

for sheriff; and Luther Bratton and
Elmer Wilson, nominees for the
state legislature.

Everett Meyer, four years, son
of Mr. and Mrs. Frank Meyer re-
siding on rural route 4, was injured
yesterday afternoon when he fell
from a silo on the Meyer farm. He
was taken to St. Mary's hospital.
No broken bones were discovered and
the boy was later removed to his

HENRY RUEL CANDIDATE FOR JUDGE

SEEKS RE-ELECTION TO
OFFICE ON SPLENDID
PAST RECORD

CAPABLE

Has Served a Division in Legal
Profession And Is Well
Known To Everyone

Hon. Henry F. Ruel, a private
citizen and as the servant of Kan-
kakee county voters in one of the
county's most important elective of-
fices, has many desirable qualities to
recommend his re-election as county
judge in the general election to be
held on Tuesday, November 4th.

He has been county judge for a
number of years—a post which he
has filled in a manner commendable
to himself and to the people who
elected him to that office. The of-
fice of county judge is not one that
should be changed often so long as
that officer serves his people ef-
ficiently and capably—in fact many
similar offices are made of lifetime
duration by law. In the case of
Henry F. Ruel, it is very doubtful
if any man could be found in Kan-
kakee county to really take his
place.

He has been a life-time resident
of Kankakee county. He was born
and reared on a farm near St.
George. He received his preliminary
education in the grade school there
and at the age of twelve years en-
tered St. Viator college at Bour-
bonnais, graduating from that in-
stitution in 1895 with the degree of
Master of Arts.

Immediately after his graduation
he entered the Kent School of Law
in Chicago and completed a course
there. Later he continued his studies
in the legal profession with Al-
tonney W. H. Savary in Kankakee
and was admitted to the bar in 1901.
He then entered into a partnership
with his former instructor under
the firm name of Savary and Ruel,
partnership which continued for
twenty-five years.

He has always been a staunch
Republican. In fact he was one of
the organizers of the "McKinley
Full Dinner Pail Club" in the third
ward in 1896 when he had just
reached his majority. He was elected
to the office of city attorney under
Mayor Henry Beckman and also
served in that capacity under
Mayors Baker and Lavery. He was
elected presidential elector in 1916.

One of Judge Ruel's first public
charges was his appointment as
master-in-chancery in 1917. He was
discharging the duties of that office
when the United States entered the
World war. He immediately demon-
strated his patriotism by offering his
services to his country, but received
a reply from the war authorities
stating that the government was
seeking younger men.

Still not content with remaining
at home, he resigned the office of
master-in-chancery and became as-
sociated with the Welfare Service of
the United States Army in the
Knights of Columbus organization.
He was assigned to the famous
Rainbow division and saw service in
the Argonne drive. After nine
months of service he returned to
the United States and resumed the
practice of law. He was appointed
county chairman of the victory loan
drive and, with the help of other
patriotic citizens, made a splendid
success of that campaign. He was
married in 1919 to Mrs. Ollie
Grooms.

In 1922, Mr. Ruel was elected to
the office which he now holds and
to which he seeks re-election, hav-
ing been nominated by a large ma-
jority in the primary election of
last April.

As county judge of Kankakee
county, he has always filled that of-
fice with dignity, efficiency and im-
partiality. Having lived here his en-
tire life and having spent nearly
thirty years in the legal profession,
he has built up an acquaintance in
Kankakee county that is probably
the equal of any man in this gener-
ation. As a lawyer, county officer
and an active citizen in many com-
mendable and important community
enterprises, he has come to the at-
tention of the public in such a man-
ner as to win the admiration and
confidence of people in all walks of
life.

Besides Judge Ruel, the other can-
didates on the Republican ticket are:

ty superintendent of schools; W. J.
Richert, nominee for county clerk;

President Denounces Charges Of Kelley In Oil Land Title Cases

Washington, Oct. 28.—(AP)—President Hoover today denounced as an attempt to fasten an oil land title case upon the administration the charges by Ralph S. Kelley, former head of the Denver department of the oil companies, that the oil companies were obtaining illegally valuable oil shale lands from the government.

The president said that while publication of the Kelley charges in newspapers did not represent the high standard of American journalism, the newspapers might as well have published the fact that the oil companies were obtaining illegally valuable oil shale lands from the government.

Mr. Hoover said that though Kelley came to Washington last July and arranged the sale of his story to a newspaper, his charges were delayed so long that they were not published until after the election.

He said the newspaper that purchased the story was of political faith opposite to his.

Mr. Kelley, in Mr. Hoover's opinion, could himself have established the facts of his charges by reference to his own records.

Instead of \$500,000 acres of oil shale lands, Kelley said he had secured 43,000 acres, the president said.

Mr. Hoover pointed out that Kelley had made his charges in the middle of last year and during that time made no reference to the charges in the middle of the campaign.

He said the charges were made and even then held them up for some weeks so they might be launched in the middle of the campaign.

JAMES A. FARLEY

Says

"Your use of the Ultra Violet Ray in the Toasting of LUCKY STRIKE ranks with the many other great contributions to the health and comfort of millions."

Here is the complete statement as authorized by

JAMES A. FARLEY
President, General Builders Supply Corp.; Chairman, New York State Athletic Commission; Chairman, New York State Democratic Committee

"I am certain that without the use of modern, scientific methods the skyscrapers for which our country is so justly proud would never have been possible. I am equally convinced that your modern use of the Ultra Violet Ray in the Toasting of your LUCKY STRIKE Tobaccos ranks with the many other great contributions to the health and comfort of millions and that it is responsible for the skyscraping sales of your famous brand."

Everyone knows that sunshine mellows — that's why TOASTING includes the use of the Ultra Violet Ray. LUCKY STRIKE—the finest cigarette you ever smoked, made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED." Everyone knows that heat purifies and so TOASTING removes harmful irritants that cause throat irritation and coughing. No wonder 20,679 physicians have stated LUCKIES to be less irritating!

"It's toasted"

Four Throat Protection—against Irritation—against cough

Consistent with its policy of laying the facts before the public, The American Tobacco Company has invited Mr. James A. Farley to review the reports of the distinguished men who have witnessed LUCKY STRIKE'S famous Toasting Process. The statement of Mr. Farley appears on this page.
